

My Sermon of Transition

Acts 20:17-36

Thesis

I want to clear the slate.

Thesis

1. I want to apologize for things that didn't go well with this transition.
2. But I also want to set the record straight - that I have always had the best intentions for the people of New Horizon and all that God has given us.
3. *Let me explain* - What is the big deal about titles and offices? *It's about Grace. (Anointing), it's about Vision.*
4. Pray for me as I become your Bishop and do greater things.
